

HF Markets Ltd.
100% SUPERCHARGED BONUS
TERMS AND CONDITIONS

October 2014

100% SuperCharged Bonus Terms and Conditions

The **100% SuperCharged Bonus Program** is two bonus programs in one: **100% SuperCharged Bonus Credits** and **SuperCharged Rebates**. Clients can increase their leverage by receiving **100% Bonus Credits** on each qualifying deposit they make into an approved account. Plus, **CASH rebates** can be earned on qualifying round-turn trades.

Please read the following Terms and Conditions:

1. The *100% SuperCharged Bonus Program* is an ongoing program that will run from 15 October 2014.
2. The *100% SuperCharged Bonus* can be applied to FIX, Premium, Currenex and Islamic accounts only.
3. The leverage of the underlying account will prevail.
4. The *100% SuperCharged Credit Bonus* will be automatically applied on the Client's initial minimum deposit of USD 250 or more and subsequent deposits of USD 250 or more into the live trading account to which the Program has been applied.

For Example: If a Client deposits USD 1000 into an approved live account to which the *100% SuperCharged Bonus Program* has been applied, a 100% bonus credit of USD 1000 will be credited to the account, effectively doubling the Client's deposit.

5. The *100% SuperCharged Credit Bonus* can be applied on internal transfers to the live trading account to which the Program has been applied.
6. The *100% SuperCharged Bonus Program* can be applied to **one (1) account** per Client and per IP address only. In the event that a Client has already applied the *100% SuperCharge Bonus Program* to a live account, no other 100% Supercharge Bonus Account may be opened under any circumstances.
7. The cumulative maximum *100% SuperCharged Bonus Credit amount* that can be earned by a Client is USD 50,000/ EUR 30,000.
8. The *100% SuperCharged Bonus Credit* can be used to increase a Client's leverage, but **cannot be lost**. In the event that a Client's equity reaches or falls below the level of the Bonus, the Bonus will be automatically removed from the Client's account. The Company accepts no liability whatsoever for any loss resulting from the Stop Out of open positions after Bonus Removal in accordance with these Terms and Conditions.
9. The *100% SuperCharged Bonus Credit* is for trading purposes only and **cannot be withdrawn** under any circumstances. Only profits, rebates earned and the Client's deposits into the account may be withdrawn.
10. Any withdrawal made from the Client's account will result in the *100% SuperCharged Bonus Credit* received by the Client being reduced accordingly on a 1:1 basis. This applies to withdrawal of profits, rebates and deposits made by the Client.

For Example: If a Client deposits 250 USD into their approved bonus account he/she will receive a *100% Supercharge Bonus Credit* of 250 USD. If the Client then withdraws 100 USD, the same amount will be removed from the Bonus received by the Client.

11. The Company will not be held liable for any losses that may be incurred as a result of the removal of all or part of the *100% SuperCharged Bonus Credit* received by a Client due to a withdrawal.
12. Any *100% SuperCharged Bonus Credit* amount received and/or removed counts towards the maximum cumulative *100% SuperCharged Bonus* amount.
13. The *100% SuperCharged Bonus* can only be applied to the account for which the Program has been approved and bonus amounts received cannot be transferred between a Client's trading accounts.
14. Under this Program the maximum cumulative rebate amount that can be earned is USD 8,000/ EUR 6,000.
15. Rebates are based on volume traded on Forex and Gold products and rebates earned are applied when a trade is closed (a trade must be closed for the rebate to be triggered).
16. The Rebate Value is calculated as the USD pip value of the corresponding Forex product in volumes of 0.2 lots (20 000 units of the currency pair) per completed lot traded on Forex (only positions over 0.2 lots qualify for Rebates). The Rebate for Forex pairs is 0.2 pips per Standard Lot traded Round Turn
17. The Rebate Value is 2 USD per qualifying Round Turn lot traded on Gold.

18. Positions open for less than one minute are not eligible to earn rebates; positions open for more than one minute, but less than two minutes qualify for 50% of the stated rebate amount; and, positions open for more than two minutes qualify for the full rebate amount.
19. Rebates calculated automatically on a daily basis and will be paid directly into the Client's trading account at 02:00 server time.
20. The minimum rebate amount that can be credited to a Client's trading account on a daily basis is USD 5. If, when daily rebates are calculated, the cumulative Rebates earned from the Client's trading activity are below USD 5, payment will not take place until the cumulative unpaid rebates have reached or surpassed the amount of USD 5.
21. Rebates are generated in USD only. Should the base currency of the trading account differ, the appropriate conversion rate will apply.
22. Rebates can be used for trading purposes or can be withdrawn as cash by the Client.
23. Rebates paid under this Program cannot be used to claim any other Bonus offered by the Company.
24. If the Company suspects or has reason to believe that a Client has abused the Terms and Conditions of this Bonus Program by hedging his positions internally (using other trading accounts held with Company) or externally (using other trading accounts held with other brokers), then the Company reserves the right, at its absolute discretion and without obtaining the Client's consent, to remove

the *100% SuperCharged Bonus* from the Client's trading account(s) or from his winning hedged accounts with immediate effect.

25. If the Company suspects or has reason to believe that a Client has more than one account under this Bonus Program, then the Company reserves the right, at its absolute discretion and without obtaining the Client's consent to remove the *100% SuperCharged Bonus* from the Client's trading account(s) with immediate effect. The Company accepts no liability whatsoever for any loss resulting from the Stop Out of open positions after Bonus removal in accordance with these Terms and Conditions
26. The Client acknowledges that Forex and CFDs are leveraged products which involve a high level of risk. When trading in such products, it is possible for Clients to lose all of their invested capital. These products may not be suitable for everyone and Clients should ensure that they understand the risks involved. Clients should seek independent advice if necessary.
27. The Company reserves the right, at its absolute discretion, to unilaterally modify or terminate this Bonus Program or any of the Terms and Conditions included herein, at any time, without obtaining the Client's consent.
